TERMS OF PURCHASE

_____ VERIFICATION OF MEASUREMENTS AND DETAILS.
(INITIAL)

I have reviewed and confirm that all measurements are absolutely 100% accurate. If measurements, material choice, selected color, etc. are incorrect, I will be responsible to pay for additional material and freight required to complete my project. (Double check before approving measurements. Mistakes extremely costly time consuming!)

_____ TRANSFER OF OWNERSHIP UPON SHIPMENT.
(INITIAL)

I understand that ownership of the product is transferred to me upon leaving the manufacturers' factory via a contracted less-than-truckload freight carrier. The terms of shipment are FOB shipping point.

_____ INSPECT SHIPMENT FOR DAMAGE BEFORE SIGNING.
(INITIAL)

I will inspect the shipment for damage before signing the delivery ticket and handing it back to the truck driver. If the following: "Subject to Inspection, Possible Hidden Damage or Missing Product" is not written on the delivery ticket / bill of lading or if parts are damaged but not signed for as "damaged", I will be responsible for all replacement costs. If there is damage, I will report this to Sanymetal within 5 business days in order to file a claim and request new material. (You are allotted 45 minutes by freight carriers upon delivery to inspect the shipment before being required to sign. You must take off the shipments lid and inspect all parts. Very important!).

_____ I 100% AGREE TO THE TERMS AND CONDITIONS OF PURCHASE FOR THIS SHIPMENT.
